Subject: Re: Ubuntu dapper template, or upgrading debian stable to ubuntu
Posted by devnu11 on Sun, 11 Jun 2006 19:47:32 GMT

I created a Ubuntu Dapper 6.02 template which seems to be working fine. I haven't tested it as I just finished it a few minutes ago so there is no warranty of any kind!   . I will make it available via website for a few days. I will post a little later when it is up for grabbing. It's about 56 MB.
