Hi Alex,

Quote:  
proxmox won't support software raid in their kernels

sorry, but I didn't catch you. What kind of kernels you're talking about? As far as I understand there is no such thing as proxmox kernels. OpenVZ kernels that are based on RHEL5 kernels should support everything you want.

<http://download.openvz.org/kernel/branches/rhel5-2.6.18/current/>
