```
# vzctl chkpnt 2 --suspend
Setting up checkpoint...
    suspend...
    get context...
Checkpointing completed succesfully
```

```
# vzctl chkpnt 2 --dump --dumpfile /home/user/backup/vps2/dump
Setting up checkpoint...
    join context..
    dump...
Can not dump container: Device or resource busy
Error: splice is used by 11244,440(nginx)
Checkpointing failed
```
