We updated the kernel in three server and now server node restarting after syslod restart.

```
[root@localhost ~]# uname -a  
Linux localhost.localdomain.com 2.6.18-164.11.1.el5.028stab068.5 #1 SMP Mon Mar 15 19:26:36  
MSK 2010 x86_64 x86_64 x86_64 GNU/Linux
```

Thanks
