Subject: Re: Openvz froze on reboot after container migration Posted by maratrus on Fri, 30 Apr 2010 15:09:27 GMT View Forum Message <> Reply to Message

Hello Larry,

sorry for the late response.

But once you have found that the issue in bug is exactly your case don't hesitate to write directly to bug. The bug is read mostly by developers so you have a chance to have the bug fixed.
