Hi

I need masquerade the VEs

```
iptables -t nat -A POSTROUTING -o eth0 -j MASQUERADE
```

After, I set eth0, eth0:1 eth0:2 with public IPs and

```
iptables -t nat -A PREROUTING -d 200.200.200.200 -j DNAT --to 192.168.1.1
```
