Subject: Re: OpenVZ web panel & security
Posted by Ales on Wed, 15 Dec 2010 19:52:29 GMT

OpenVZ web panel isn't developed by the OpenVZ team, AFAIK. Their name of the project seems to be a bit confusing.

Anyway, unless there are some mebers of that project luriking here, your questions might get better answers from the developers or the community of the OpenVZ web panel.
