install i686 version of glibc

also you need a ncurses.i386 and ncurses.x86_64 installed on your system

glibc.i686 : The GNU libc libraries.

ncurses.i386 : A terminal handling library

ncurses.x86_64 : A terminal handling library

yum install -y glibc.i686 ncurses.x86_64 ncurses.i386
