

Hi Ingo,

Please consider pulling from:

`git://github.com/acmel/linux.git perf/core`

There are still patchkits I need to merge/review, thanks everybody, the more, the better!

I'll continue processing them tomorrow,

Regards,

- Araldo

Andrew Vagin (1):

perf record: Add ability to record event period

Jiri Olsa (1):

perf test: Add more automated tests for event parsing

Namhyung Kim (6):

perf report: Document '--call-graph' for optional print_limit argument

perf symbols: Get rid of duplicated snprintf()

perf symbols: Fix error path on symbol__init()

perf tools: Fix a memory leak on perf_read_values_destroy

perf tools: Remove stale git headlines from top comment

perf events: Tidy up perf_event__preprocess_sample

Nelson Elhage (1):

perf evlist: Fix errno value reporting on failed mmap

Robert Richter (1):

perf evsel: Fix uninitialized memory access to struct perf_sample
