Ales wrote on Sat, 07 January 2012 21:02RHEL 6 does not have a non-PAE version anymore. 32-bit versions are PAE only by default.

Thank you for your answer.

But as I know, enterprise versions of RHEL 5 kernel is with PAE support and with 4/4GB split support. Current RHEL 6 32 bit version kernel is with PAE support. but without 4/4GB split (for more containers)?
