Tejun,

This should do the job. After these two patches, populate() for memcg is gone. Let me know if you want any more changes.

Glauber Costa (2):

cgroup: pass struct mem\_cgroup instead of struct cgroup to socket  
memcg  
cgroup: get rid of populate for memcg

```
include/net/sock.h      | 12 ++++++-----  
include/net/tcp_memcontrol.h | 4 +---  
mm/memcontrol.c        | 32 +++++++-----  
net/core/sock.c         | 10 ++++++-----  
net/ipv4/tcp_memcontrol.c | 5 +---
