Subject: containers and cgroups mini-summit @ Linux Plumbers

Gentlemen,

We are organizing containers mini-summit during next Linux Plumbers (San Diego, August 29-31).
The idea is to gather and discuss everything relevant to namespaces, cgroups, resource management, checkpoint-restore and so on.

We are trying to come up with a list of topics to discuss, so please reply with topic suggestions, and let me know if you are going to come.

I probably forgot a few more people (such as, I am not sure who else from Google is working on cgroups stuff), so fill free to forward this to anyone you believe should go, or just let me know whom I missed.

Regards,
  Kir.
