Hi,

i would like to check the Backup Status of my Servers after getting up
on my Iphone/Ipad.

But unfortunately the mail can't be displayed.

The error is the following (got the german IOS):

Diese E-Mail ist so formatiert, dass sie nicht angezeigt werden konnte
Die E-Mail muss in einem anderen Format oder mit einem anderen
E-Mail-Programm erneut verschickt werden, multipart/alternative

I think the english error should be like (translated):

The e-mail is not well formated and can't be displayed. Please resend it
in a new format or try to change the E-Mail Prog.

Are there any settings to change the output of vzdump mails ?

Greets

chris
