Subject: [PATCH v5 04/10] ipc: add new SHM\_SET command for sys\_shmctl() call  
Posted by [Stanislav Kinsbursky](#) on Wed, 19 Sep 2012 16:05:48 GMT

[View Forum Message](#) <> [Reply to Message](#)

---

New SHM\_SET command will be interpreted exactly as IPC\_SET, but also will update key, cuid and cgid values. IOW, it allows to change existent key value. The fact, that key is not used is checked before update. Otherwise -EEXIST is returned.

Signed-off-by: Stanislav Kinsbursky <skinsbursky@parallels.com>
