Subject: [PATCH v6 04/10] ipc: add new SHM\_SET command for sys\_shmctl() call  
Posted by [Stanislav Kinsbursky](#) on Mon, 15 Oct 2012 10:30:04 GMT  
[View Forum Message](#) <> [Reply to Message](#)

---

New SHM\_SET command will be interpreted exactly as IPC\_SET, but also will update key, cuid and cgid values. IOW, it allows to change existent key value. The fact, that key is not used is checked before update. Otherwise -EEXIST is returned.
