Subject: Change files in root or in private?
Posted by postcd on Wed, 26 Mar 2014 01:25:34 GMT

Hello,

when i want to make some permanent change in VPS files, i need to edit in:

/vz/private

or in

/vz/root

?

im afraid when i stop and start vm if i dont change any temporary working VM folder and changes will be reverted? just to be sure, thats why im asking. thank you
