Subject: No systemctl after update centos 7
Posted by ku990 on Wed, 16 Dec 2015 20:32:59 GMT

i have cron with " yum update -y " every day at 00:00 .
this is ok for few monts but today a have a big problem .

PROBLEM:
[root@host /]# systemctl status
Failed to get D-Bus connection: No such file or directory
