solved updater issue by
yum update ftp://195.220.108.108/linux/fedora/linux/updates/22/x86_64/s
/spice-server-0.12.6-1.fc22.x86_64.rpm

Ugly, but yum update start working for me after that.

If not confident with this RPM search on rpmfind 0.12.6-1 it is from fedora 22
