The OpenVZ7 and the Vz7 are NOT the same product. One is open source, the other one is comes with an aggressive licensing agreement.

Take a look at this thread: <https://forum.openvz.org/index.php?t=tree&th=13409&start=0>

Did you carefully read the EULA? Are you sure?

<http://repo.virtuozzo.com/vzlinux/7.2/EULA>

<http://repo.virtuozzo.com/vzlinux/7.3/EULA>

<http://repo.virtuozzo.com/vzlinux/7.4/EULA>

Especially this part:

"2.6. Audit Rights. During the term of this Agreement and for two (2) years after termination or expiration of this Agreement, Virtuozzo may audit, upon written notice to you, your books, records, and computing devices to determine your compliance with this Agreement and your payment of the applicable license fees, if any, for the Software. In the event that any such audit reveals an underpayment by you of more than five percent (5%) of the license fees due to Virtuozzo in the period being audited, or that you have breached any term of this Agreement, then, in addition to any other rights and remedies Virtuozzo may have, you will promptly pay to Virtuozzo any underpayments plus the cost of the audit."
