Subject: Re: Spectre and Meltdown Patch ASAP Please
Posted by ccto on Mon, 08 Jan 2018 03:43:06 GMT

Me too. - "Simply thanks for this update and the continued commitment to OpenVZ by the Virtuozzo Company."

Especially thank you for the important update in the short period.
(even 3rd party live kernel patch providers stated that it is not easy to import the patch without reboot)
