Hello,

When a new OpenVZ 7 kernel release, is there any notification and/or ChangeLog for reference?

As I remember, there is a mailing list for OpenVZ 6 kernel, and details will be published onto website.

e.g. <https://openvz.org/Download/kernel/rhel6/042stab130.1>

Is there similar for OpenVZ 7 series?

Thank you very much for your kind attention.

Regards

George
