Subject: Re: factory repo, should it be used or not?
Posted by wsap on Mon, 20 May 2019 22:15:06 GMT

After having reproduced the issue of the factory repos re-enabling themselves after update to 7.0.9 we manually disabled the factory repos again. More recently we updated to 7.0.10 (254) and the factory repos did *not* re-enable themselves, so this is good
