Hi!

At last i do have something to provide you officially:

tomorrow (29.09.2020) there will be a webinar from Virtuozzo and there will be slides about roadmap.

Speakers: director of our RnD and our Product Manager.

Official slides.

The banner for registration (just to get a link, no cost of course) is on openvz.org now, here is the link as well: <https://bit.ly/2Ekkodo>

Hope, that will vanish all the doubts about the future - there will be OVZ8!

Have a nice day!
