Hello,

I'm trying to write:

Create logs

Reload logs

Restart logs

```
/usr/sbin/vzctl stop 1009 >> /var/www/html/logs/1009
```

```
/usr/sbin/vzctl start 1009 >> /var/www/html/logs/1009
```

Although the log files are empty, any idea how can i handle it?
