Subject: 2.6.18?
Posted by John Kelly on Mon, 28 Aug 2006 13:43:06 GMT

I see where OpenVZ dev said
Quote:Timers are totally messed in 2.6.16

And it seems Debian devs are planning to use 2.6.18 for etch.

So I was wondering if OpenVZ will rebase to 2.6.18 for -test kernel.
