Hier von uname -r:

Quote:

```
michael@PC06:~$ uname -r
2.6.8-022stab078.14
michael@PC06:~$
```

Und das von lsmod:

Quote:PC06:/home/michael# lsmod

```
Module          Size Used by
nvidia          4548532 12
i2c_core        18416 1 nvidia
af_packet       16360 2
ehci_hcd        25604 0
shpchp         93196 0
pciehp         90476 0
usbhid         22592 0
ohci_hcd        17988 0
usbcore        100356 5 ehci_hcd,usbhid,ohci_hcd
sis900         16932 0
ide_cd         36800 0
cdrom          37212 1 ide_cd
PC06:/home/michael#
```

Welches Tool?

Gruss
Michael
