Subject: Re: /proc/fairsched2 :: What does this report Posted by Vasily Tarasov on Wed, 27 Sep 2006 06:50:43 GMT View Forum Message <> Reply to Message

/proc/fairsched, /proc/fairsched2 content information exported by CPU Fairscheduler. This scheduler is used in OpenVZ in order to fairly distribute HN CPU power between VEs in accordance with --cpulimit, --cpuunits, --cpus settings of VEs. Information from these files is used for example by vzcpucheck tool.
