No!

You should make the following changes:

```
for OURIP in ${SERVER_IPS}; do
  for PORT in 20 21; do
    ${FWIN} -p tcp -d ${OURIP} --dport ${PORT} ${OK}
-   ${FWIN} -p tcp --sport ${PORT} -d ${OURIP} --dport 1024: "*" --syn ${OK}
+   ${FWIN} -p tcp -d ${OURIP} --dport 1024: ${OK}
    ${FWIN} -p udp -d ${OURIP} --dport ${PORT} ${OK}
-   ${FWIN} -p udp --sport ${PORT} -d ${OURIP} --dport 1024: ${OK}
+   ${FWIN} -p udp -d ${OURIP} --dport 1024: ${OK}
  done
done
```

This helps for me.

vass.
