Subject: Re: unable to connect to the internet or any other machine on the local n/w..pls help!!
Posted by sanjooz_2002 on Thu, 02 Nov 2006 10:07:11 GMT

I finally got rid of the problem   . Actually, I had tried compiling with a wrong kernel flavour .i.e ovzkernel-smp. I am using a normal machine (a single cpu)as a server. I was trying to build a vps on that server. Hence, I re-installed openvz (dont know if that is necessary   ) and this time I used the normal ovzkernel flavour and not the -smp flavour.

Therefore type :-
 #yum install ovzkernel

 instead of

 #yum install ovzkernel-smp

Thanks!!
