Sorry if I missunderstood, you but:

As far as I undestand your HN IP address is 11.22.33.99, not 64.233.167.99. So, please, ping you HN (11.22.33.99) from VE(11.22.33.44), and show us the tcpdump.

Thanks.

BTW, can you provide access to the node?
