Subject: Re: How to run a script on HN after VPS start
Posted by duswil on Sat, 18 Nov 2006 22:50:26 GMT

Well, I did it anyway. Here is a patch. I'd love to know of a better way to do this, but here's what I have right now (attachment).

I have a feeling I should make a new bug entry for this. Let me know if this is the case.
