```
[20:10:55][etc/sysconfig/network-scripts]> ls ifcfg-eth*  
-rw-r--r-- 1 root root 142 Sep 28  2005 ifcfg-eth0  
-rw-r--r-- 1 root root 166 Sep 27  2005 ifcfg-eth1
```

Thanks for the relpy!

Both files configure real NICs, but only eth0 is cabled. However no **range** files there

Thanks again.
