Subject: How to install OpenVZ on Ubuntu ?
Posted by vietwow on Tue, 28 Nov 2006 01:48:30 GMT

Firsts, sorry for my poor English because i'm a Vietnamese

I'm using Ubuntu (Debian) OS, I tried download RPM packages of OpenVZ and use alien tool to install because alien is tool for installing rpm on debian system but the result seems not work. so plz help me if you installed OpenVZ on Ubuntu successfully

Regards,
Thanx
