I think we can agree on 1 and 2.

If so, please apply regardless of 3, which is optional.

1. Split --verbose from LOG_LEVEL
verbose is 0 regardless of LOG_LEVEL
--verbose will (as today) set verbose to 2
LOG_LEVEL not affected by --verbose
2. Add optional argument to --verbose
--verbose
--verbose level
--verbose=level
3. Add VERBOSE to vz.conf
