```
# vzcpucheck -v
vpsid      units
-----
0          1000
555        18518
Current CPU utilization: 19518
Power of the node: 17275
Warning: hardware node is overcommitted
```

```
# vzctl set 555 --cpuunits 18000 --cpulimit 130 --save
Setting CPU limit: 130
Setting CPU units: 18000
```

Power of the node: 17275
