Subject: Windows Guest Network Adapter Ejection Posted by JimmFrem on Thu, 17 Nov 2016 15:06:41 GMT View Forum Message <> Reply to Message

Hello,

I have a problem, I've noticed that guests running Windows can eject their Network Adapters and I am unable to find a solution for re-adding it.

Have anyone ran in this issue, maybe any solution for disabling ejection or for re-adding NIC?

Thanks
