```

Tried to do a fsck on the device;

```
# ls -la /dev/ploop41260p1
brw-rw---- 1 root disk 182, 660161 Jun 21 15:26 /dev/ploop41260p1
# fsck -cy /dev/ploop41260p1
fsck from util-linux 2.23.2

Any suggestion how can i fix the fs ?
