Hi!

Kernel 2.6.18 028test002.1 compiles fine.

kernel 2.6.18 028test003.1 does not compile:

I get error:

mm/built-in.o(.text+0x37ad): In function `out_of_memory':

: undefined reference to `show_slab_info'

make: *** [.tmp_vmlinux1] Error 1

For future reference, please include the bug number here when you open bugs.

For those looking for it, it's Bug 340 (http://bugzilla.openvz.org/show_bug.cgi?id=340)
