This is not the whole dmesg output: there is no "call trace".

Please post the whole one.

Thanks.

is it reproducible? did you recompile the kernel yourself or used OVZ binaries?

it's not reproducible

i recompile the kernel with drbd 0.7.20 , the system is Fedora 6 , harware is bi-xeon Bicore 5130 @ 2.00GHz with 4go ram and RAid 3ware 9550 ...
