Hello,

on page

<http://openvz.org/download/kernel/2.6.18/archives/2.6.18-ovz-028stab031.1>

(and other 2.6.18) are missing links to OpenVZ patches. I'm running

Debian so I have to dig in

<http://download.openvz.org//kernel/branches/2.6.18/>

to get what I need.

Which is in

<http://download.openvz.org//kernel/branches/2.6.18/028stab031.1/patches/>

Best regards
