Subject: Upgrade FC5 to FC6 via yum, Anyone? Posted by skizzo on Tue, 29 May 2007 10:06:55 GMT

View Forum Message <> Reply to Message

Redhat announced FC5 end of life on June 29th.

Reinstalling my applications from scratch on a new VE would be a pain.

Has anyone successfully upgraded from FC5 to FC6 via yum on openVZ? Thank you.
