---

Patch from Vitaliy Gusev <[vgusev@openvz.org](mailto:vgusev@openvz.org)>

Fix syslog issues for LTP testcase. Problem was that LTP test calls syslog(2) with wrong arguments and waiting for a error but syslog() returns zero.

Fixes: [http://bugzilla.openvz.org/show\\_bug.cgi?id=584](http://bugzilla.openvz.org/show_bug.cgi?id=584)
