I am SOOO sorry to ask such a dumb ass question... I cannot seem to find this information in the man pages anywhere..

if there a script to renumber the veid's?

i.e. change veid 2 to veid 1002 ?

thanks alot for your help  
and sorry to be a dumb ass

Hi, sometimes I need to do this.

```
vzctl stop OLD
mv /vz/private/OLD /vz/private/NEW
mv /etc/sysconfig/vz-scripts/OLD.conf /etc/sysconfig/vz-scripts/NEW.conf
vzctl start NEW
```

its fun too!

thanks for correcting my brain damage thats SUPER easy  
should've figured that out myself

THANKS!!!!
