Hello,

I have a newb problems

My VE can't must see my network but from my network I must ping both IP.

I have a fresh debian 4.0 install.

HN : 192.168.34.50

VE : 192.168.202.227

Ping from VE

```
root@goebbels:/#ping 192.168.34.50
```

```
PING 192.168.34.50 (192.168.34.50) 56(84) bytes of data.
```

```

Hello,

I see, that you have created sub-interface eth0:0 with the same IP that VE owns! This is a mistake. You should not do that.

HTH,
Vasily.
