It is in FC6. I dont know the status off upstream util-linux. I did
submit the patch many times to Adrian Bunk (the then util-linux
maintainer) and got no response. I have not pushed the patches to the
new maintainer(Karel Zak?) though.

Well, do that, then :)

Seriously. The whole point of util-linux-ng is to make forward progress.

 The "shared-subtree" patch has been applied:

http://git.kernel.org/?p=utils/util-linux-ng/util-linux-ng.git;a=commitdiff;h=389fbea536e4308d9475fa
2a89e53e188ce8a0e3;hp=939a997de0c761d29fb7530976ca20da4898703a
