Hello,

When i installed OpenVZ and installed Centos 4 Template and cpanel when i try to create new account from WHM , I'm can't to modify any account quota all accounts quota are unlimited

Thanks

Hi,

perhaps this helps you:

http://wiki.openvz.org/Cpanel_quotas

try to add quotauidlimit

`vzctl set veid --quotauidlimit 1000 --save --setmod restart`
