hello

I have problem with ssh

```
root@host [~]# vzctl exec 101 service sshd start  
Generating SSH1 RSA host key: [FAILED]
```

thank you

Hello,

I've faced with similar problem before.

http://forum.openvz.org/index.php?t=msg&goto=27780&&srch=SSH1+RSA#msg_27780

But haven't found out the reason of the problem. If it is possible, could you possibly execute that command. I hope it will might help us.
