Hello
do you can help me more?

If you provide enough information, we'll help you, but I this image... this doesn't come with a stock install of OpenVZ, it looks like a control panel. Aren't you confusing OpenVZ with Virtuozzo?

your seems is hypervm?
means if was just openvz,this was good and ... ?

Thanks

If it is hypervm, why don't you ask on the hypervm list or forum, or hypervm themselves?

Hello
because hypervm is of openvz kernel
kernel is openvz

Thanks
