Hello
whats download link for centos5 template for openvz?

Thanks

i find it in <http://download.openvz.org/template/precreated/contrib/>

how may install it?

Thanks

Subject: directory for precreated os templates (was: Re: download centos5 template)

Precreated OS templates are located at /vz/template/cache,
expept for HardwareNodes running Debian or related distros to /var/lib/vz/template/cache.

means i just copy it to /var/lib/vz/template/cache?

and i can use of this template for create new vps?

Thanks
