Subject: [PATCH] cgroup: anotate two variables with __read_mostly
Posted by Li Zefan on Thu, 05 Jun 2008 06:02:47 GMT

View Forum Message <> Reply to Message

- need_forkexit_callback will be read only after system boot.
- use_task_css_set_links will be read only after it's set.

And these 2 variables are checked when a new process is forked.
